8 THINGS TO SAY TO AN ANXIOUS CHILD

@teenhealthdoc x @mamapsychologists

You are
safe with
me

It's ok to feel
nervous,
I do too
sometimes

Let's go
for a walk

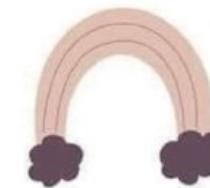

Let's draw the
worry, how
big is it?

Let's talk back
to this worry

I am here
for you

Let's sit
together until
the thought
passes

Let's take a
few deep
breaths
together

8 THINGS TO SAY TO AN ANXIOUS CHILD

 - Let's go for a walk
 - Let's draw the worry, how big is it?
 - Let's talk back to this worry

Current Trans Terminology

Language changes over time. While certain terms may have been commonly used years ago, they are now outdated and should be replaced with the current terminology.

Here are some of the terms we will go over:

Female-to-Male (FTM)	Trans Man

The reason women are critiqued for being too loud or too meek, too big or too small, too smart to be attractive or too attractive to be smart, is to belittle women out of standing up publicly.

The goal is to 'critique' into submission. & That applies to anyone challenging power.

I find it so strange and ableist that many schools still reward children for not missing any days. There's something about rewarding children for not being ill, not needing to attend hospital appointments, not having conditions that require time out, that doesn't sit well with me

@sera9elliot

the problem with a cis man isn't that he has a penis, it's that he has a whole mythology about what that means

Seranine Elliot
@sera9elliot

a trans woman's great crime isn't having a penis, or having had one it's having rejected a whole mythology valorizing it a mythology that is the cornerstone of our entire culture

Seranine Elliot

@sera9elliot

that's why they go straight to projecting their worst crimes onto us, like pedophilia

they get that we're rejecting a fundamental cultural rule, and they get that it's supposed to be harmful, so, they find one that is actually about harming other people, and assign it to us

Seranine Elliot

@sera9elliot

a trans body in a rigid binary that
says that body does not exist is
inherently anarchist

the enforcers of that binary don't fear
for your children

they fear for their authority

Seranine Elliot
@sera9elliot

we are the women they hate most
and work most fervently to erase
expressly because we have direct
experience of having a penis, and we
demonstrate constantly through our
bare existence that that means
nothing

this is not tech-savvy. It's tech-exclusion. It's let stupid tech dominate people's lives, ageism, and ableism. [link source](#)

when i was in 5th grade we were reading books to preschoolers and we were reading the book about gay penguins and we asked if anyone knew anyone that was gay and one girl raised her hand saying that she had two moms and then from the back of the classroom a boy started crying and when we asked why he said it wasn't fair because he only had one mom and she got two and he wanted two moms also

only acceptable reason to be upset about same sex parents
